—Mrs. J. W. Bintliff will give the third in the series of organ recitals at the Congregational church to-night. This one promises to be the best of the series. It should be well attended.

—Remember the date for the "Queen of the Seasons," August 27 and 28, at Lappin's Opera House. It will be given under the direction of Prof. R. W. Ayer, whose musical ability is well known to our citizens.

—Quite a number from the city will attend the Methodist church fair at Footville to-morrow afternoon and evening. Rev. W. B. Mellet, pastor of the church, was in the city to-day, making preparations for the event.

—Mrs. Wm. Gunn, of the town of Rock, who was thrown from a buggy about a week ago and sustained a fracture of the collar bone, has been confined to the house since that time. She is slowly improving.

—The four-mile bridge will be built so as to allow steamers to pass under it. The picnic in preparation to defray this extra expense should be liberally patronized by our citizens. It probably will be held on Saturday of this week.

—At the lawn social to be given by the Harrison & Morton Benevolent Association this evening at Mr. and Mrs. William Cleland's, 51 Lincoln street, ice cream and cake will be served. Everybody invited to attend.

—Every man who is interested in having the new four mile bridge raised to allow our steam boats to pass under it, is requested to be at the rooms of the Jewell Business Men's Association this, Tuesday evening at 8 o'clock.

—Residents of the second ward are unanimous in their complaint of the condition of the side walks in the vicinity of the second ward school building. In some places they are actually dangerous to pedestrians especially after dark.

—The conductors' excursion to Oshkosh on August 18, should be well patronized. Fare for the round trip has been placed at the exceedingly low price of \$1.50. You can not spend that amount of money to better advantage than to make a visit to Oshkosh.

—The social to be given by the Harrison & Morton Benevolent Association at the home of Mr. and Mrs. Wm. Cleland, 51 Lincoln street, this evening, should be largely attended. No pains has been spared to make this social a success, and all who participate are assured a royal good time.

—The social dance to be given by the N. O. W. club and their friends this evening, at Crystal Springs, will be one of the most enjoyable occasions of the week. Smith & Anderson's band will furnish the music. The members of this club always manage to have a royal time when they get together. This will be

the last of a successful series of dances given by this society.

—Cards have been received in this city announcing the marriage of Miss Martha Willey to Mr. Samuel Braden, at Minneapolis, Minnesota. The bride will be remembered as a former teacher in our city schools. She is a young lady possessing many friends in this vicinity.

—Mr. and Mrs. Samuel A. Braden will be at home to their friends after September 1st, at 2510 Bloomington avenue, Minneapolis.

—The handsome residence of Senator and Mrs. A. P. Lovejoy, 138 South First street was brilliantly illuminated last evening. The occasion was in honor of Mrs. Lovejoy's guest, Miss Cora Hill, of Evanston, Illinois. A large company of young people were present. Dancing was indulged in. Prof. Tuckwood's orchestra furnished the music. During the evening elaborate refreshments were served and the guests did not depart for their homes until a late hour.

—Yesterday Messrs. Bentley & Nowlan received the sum of \$25,000.00 from the state treasurer, in settlement of their claim against the state of Wisconsin on account of their contract in building the state capitol annex and for extra work on the same building. In the face of the contractors receiving this money no doubt the democratic journals will take courage and re-echo the falsehood that there is no money in the state treasury, and that the state is bankrupt and unable to pay its bills.

—Oshkosh people are making extensive preparations to receive the Conductors' excursion from this city, August 18th. A large number of our citizens have expressed their determination to attend. These annual excursions given by the conductors are coming to be more and more popular, and all who can accompany them are more than pleased with the accommodation and the trip. Secure your tickets early so that a sufficient number of cars can be secured.

—Speaking about delays in paying State claims, it is whispered that a certain republican common council would not care to have the same inquiry pushed.

—With a democratic mayor and a democratic city clerk to hold the latch strings of the treasury, the Recorder can hardly have reference to our local government in its attempt to make political capital. Nevertheless, it is so accustomed to misrepresentation that but little reliance can be placed upon its own mouthings, and its attempt to malign respectable government by its base innuendoes will receive but little notice from even its own political friends.

—The morning rain has laid the dust so that the Modern Woodmen will have a pleasant time for their picnic to-morrow. The order will be largely represented from the southern part of the state. It is said that the amusements for to-morrow's picnic will eclipse anything for similar occasions which has been prepared thus far this season. The boats will leave the city at 9 o'clock in the morning and every hour during the day and evening. Tuckwood's orchestra will furnish the music. Speakers of more than ordinary ability will be present and address the order. Don't forget that dancing will commence about four o'clock in the afternoon, thus giving all an opportunity to trip the light fantastic who can not be present in the evening.

—Miss Franc Edwards very pleasantly entertained about forty friends at her home, 2 Lincoln street, last evening.

—Mr. Harry Knapp, of Whitewater, was present by invitation and delighted the company with several violin solos. There was a general representation of musical talent in the city. Mr. Knapp spent two years at Oberlin Conservatory of music, and also a graduate at Leipzig Germany, where he took a two year's course. He is a gentleman but twenty-two years of age and has endured many hardships to secure his education. This gentleman's rendition of Concertino, by Liszt, Sonata, by Handel, was exquisite. He repeated by request Handel's Largo, while he played at the Congregational church last Sunday morning. It was generally remarked that this gentleman in his solos, possessed a unique expression and that he is an artist who would some day be heard from. Besides these there were many delightful musical selections given by Mrs. Conrad, Mrs. St. John, Mrs. Prof. Torrens and Mr. F. L. Stouffer. The accompanists were Mrs. F. F. Lewis and Mrs. St. John. The company did not break up until a late hour and it was an evening long to be remembered.

—Among those who will attend the Druggists' Convention at Portage this week, leaving the city to-morrow are: Hon. and Mrs. Cyrus Miner, Mr. and Mrs. E. O. Johnson, and Mr. and Mrs. Harry Merrill. They will join the excursion from Portage to the "Delia" on Thursday.

—Mrs. S. B. Lewis left this afternoon for Whitewater to attend the wedding of her youngest sister Miss May Church, to Mr. A. Leland, son of Dr. A. G. Leland, which takes place in that city to-morrow evening. The prospective bride and groom are both well and favorably known in Whitewater society circles. Mr. Leland is a rising young pharmacist of Leominster, Wisconsin, at which city these young people will make their permanent home.

—It was a jolly crowd that left the city in Mr. Ryan's (carnival) drawn by four horses this morning for Clear Lake. The party was composed of members of the Baptist and Congregational church choirs and a few of their friends. They were out for an all day's picnic. Among the number were: Mr. and Mrs. Clarence Clark, Mrs. Dr. J. W. St. John, Mr. and Mrs. F. Stouffer, Mr. and Mrs. M. G. Jeffris, Mr. and Mrs. W. St. John, Mr. and Mrs. A. O. Wilson, Mr. and Mrs. J. G. Sear, Mr. and Mrs. F. Lewis, Mr. and Mrs. C. B. Conrad, Miss Franc Edwards, Miss Cora Clemons, and Mr. Cove Vankirk.

—To furnish food for raising the new Four-Mile bridge, so that our steamboats may pass under it, Saturday, August 17, The steamers Billie Burr, Mayflower and Enterprise, will run every hour, afternoon and evening, commencing at 1 p. m., and often, if necessary. Grand dance in the evening. Let everybody go and help make it a rousing success. Round trip tickets, 50 cents.

—The weather.

At seven o'clock this morning the thermometer indicated 68 degrees above zero. Light rain with south wind. At one o'clock p. m. the register was 73 degrees above zero. Cloudy with south wind. For the corresponding hours one year ago the register was 51 and 80 degrees above zero.
